The contents and information on the catalogue is for general purposes and is provided on an "as is" basis. The recommendations of level of strength are relative and completely depend on the nature of tools used for any attack. All safes can be broken open given sufficient time, tools, torch (basic or simple home tools), expert skill and access. All warranties, recommendations and representations of any kind are disclaimed, including the implied warranties of merchantability and fitness for a particular use. The company disclaims any claims, losses, demands or damages of any kind whatsoever including but not limited to direct, indirect, incidental, or consequential loss or damages, economic loss, or otherwise arising out of or resulting by reason or in consequence of any breaking open of any safes, video door phones, burglar alarm systems, or any theft, fire, robbery, fraud or other wrongful act done by any party with regard to safes, video door phones, burglar alarm systems. The specifications, prices and features of the product may be subject to change. The categorization of safes into 10X, 100X, and 250X signifies the relative strength and security of each safe compared to a standard wooden cupboard. This categorization is based on controlled in-house testing. We are certified under ISO 9001:2015, ISO 14001:2015, and ISO 45001:2018, demonstrating our commitment to quality, environmental responsibility, and occupational health and safety.

Weight is Gross Weight, unless mentioned otherwise. | Manufacturing Tolerance - Weight +/- 10%, Dimensions +/- 10% | The actual colour of the product may differ from the colour depicted in the catalogue. Abbreviations used: EL: Electronic Lock, Digi: Digital, KL: Key Lock. To avail the free demo please contact our customer service team. Images under this catalogue are for illustrative purposes only. The actual product appearance may vary. Call our help line or speak to our security advisor to know more. Terms and Conditions apply, including applicable warranty terms subject to standard installation procedures.
